Kansas City Kids Conference (KC)²

Saturday, July 14th, 10:00am - 2:00pm

Join us for the second annual Kansas City Kids Conference! This free family event will allow children of all ages to explore STEM topics with a focus on technology and engineering. It will be an opportunity for families to experience hands on, engaging activities that promote creativity and problem solving, all while having a great time!

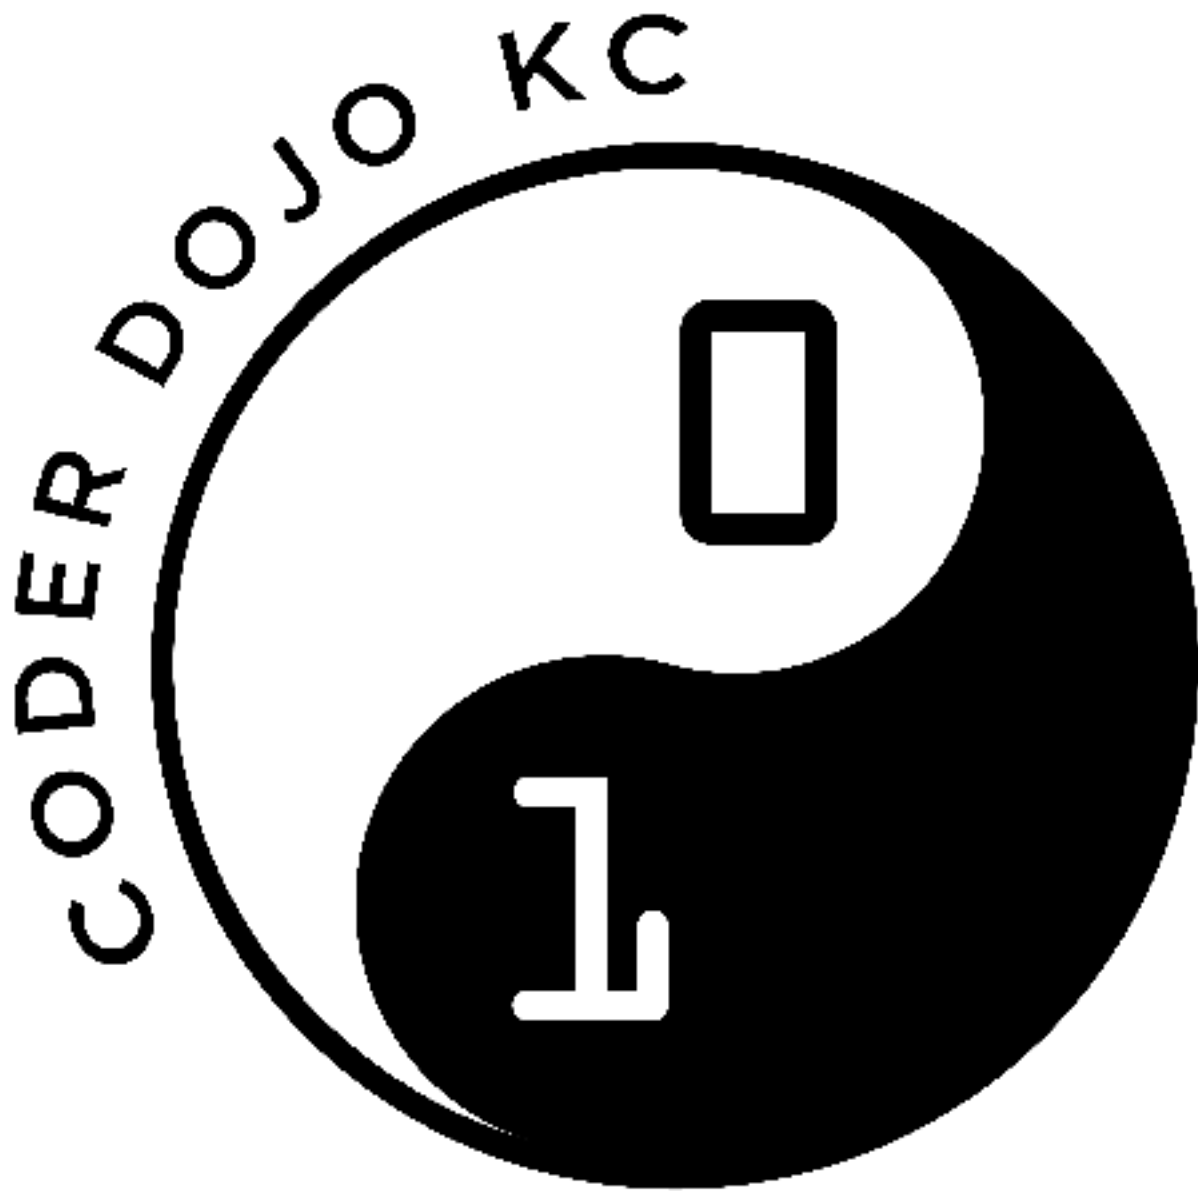

Participants will enjoy sessions relating to developing their own video game with Bloxels, creating music with JavaScript, building and programming a "bug" that will race a real bug, and designing a high tech fashion accessory. Conference attendees will also enjoy the Makerspace, which will feature oozy slime, squishy circuits, robots, LEGOs, toppling boxes, and MORE!
